

Michael J. Snyder, AIA

Project Architect

Mr. Snyder serves as a Project Architect in CDI/L.R. Kimball's A/E Division. His demonstrated areas of expertise include programming, architectural design, 3D modeling and rendering, production, construction documentation, and construction administration. Mr. Snyder has over 15 years of experience in the design of educational, public safety, municipal, office, commercial, hotel, high-rise residential, single-family residential, and recreational facilities. These project types encompass both new construction and renovations.
